Create a puppet inspired by your favorite character, someone you know, or make up something completely original!

Combine your puppet(s) with your Cityscape Backdrop to put on a show and tell a story for your family or friends.

Think about what characteristics you want your superhero to have. Some superheroes have super powers while others rely on technology to help them fight crime. Some are serious while others are silly. Decide how you will show your puppet’s personality and then get started.

**YOU WILL NEED...**

- Collage materials like paper, stickers, sequins, etc.
- Markers or crayons
- A popsicle stick
- A glue stick

**GET CREATING!**

1. Cut out the base human shape at the right.

2. Use any materials you have on hand to create your hero’s costume and glue to your base. Don’t forget to draw finer details like facial features.

3. Glue your superhero to the popsicle stick.
