Make a 3D Cat!

Materials:

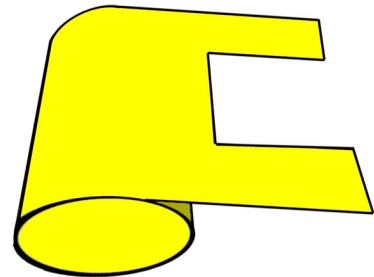

- Paper
- Scissors
- Glue
- Markers or Crayons

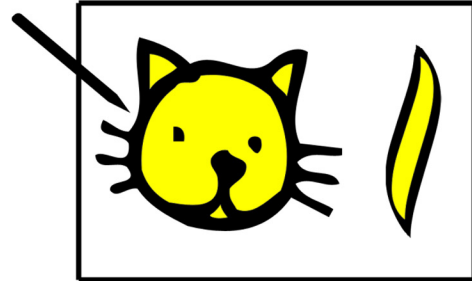

1. Start with a standard piece of paper. Hold the paper the long way, and measure 3 inches. Cut it out. This will be your cat's body.

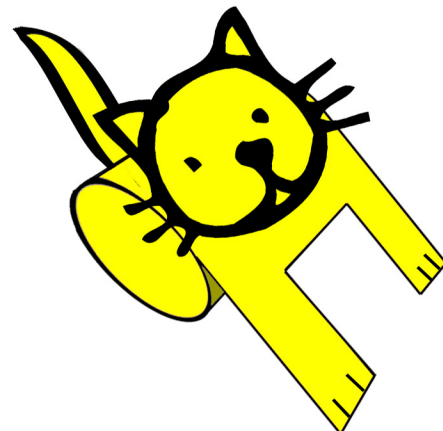

2. Cut a square out of the bottom of the strip of paper to give your cat some legs. Color the body any way you would like!

3. Put glue on the end of the strip. Wrap it under and make a tube shape.

4. Using the remaining paper, draw a face and tail for your cat. Cut them out.

- 5: Glue the face and tail onto the body!
